PRODUCT INFORMATION

GLOBAL WASH SHAMPOO

Powerful special cleaner for motorcycles

DESCRIPTION

It is a multi-purpose degreasing detergent liquid for direct use that allows easy removal of any type of dirt from all parts of the motorcycle. Its high cleaning capacity makes it possible to achieve a perfect cleaning with little effort, even in the case of dirt that is difficult to remove (grease, mud, etc.).

Its formula is based on a special mixture of highly effective detergents and surfactants that give extraordinary results without affecting any element of the motorcycle. The product is applied by spraying on the motorcycle from top to bottom with the engine cold. On the dirtiest places a second wash with a sponge can be made before rinsing with water.

PERFORMANCE

- It is applied directly, without the need to prepare mixtures or dilutions.
- When used regularly, it effectively protects metal surfaces against corrosion.
- It dries without leaving stains. It avoids the need for subsequent polishing.
- Extraordinary efficiency, allowing for 5 to 7 washes with a single litre of product.
- It gives shine to metal surfaces.
- It contains no acids nor attacks any surface (metals, paints, chrome, plastics, leather, rubber, etc.).

TECHNICAL FEATURES

DENSITY AT 20°C:	1.10 g/ml
pH (Pure):	12
Appearance:	Blue

Rev. 11/23
